_The Institute admits as students of Cosmetology and Esthetics only persons who are beyond compulsory school age and have either:_

Accreditation / State Agencies

_Policy on Evaluating the Validity of High School Diplomas_

Regulation 34 CFR 668.16 (p) requires Title IV schools to establish policies and procedures to confirm the authenticity of high school diplomas in the event that the school or the Secretary of
the U.S. Department of Education has reason to question the validity of a student’s high school diploma. The Aveda Institute New Mexico may require further documentation in the form of a certified copy of final high school transcripts for the high school in question or information from a company that evaluates foreign diplomas (in the case of a foreign diploma). Student self-certification is not considered sufficient proof of validity.

In addition to checking online for further information about the school issuing the diploma and its accreditation, the school may also contact the Department of Education in the state in which the diploma was issued to determine if the school listed on the diploma is on the state list of recognized schools.

The school maintains a list of known diploma mills for the admissions staff to check when receiving a diploma from an unknown and questionable source. It is understood that this list may not be all inclusive as there are hundreds of diploma mills some known and some not currently known. It is also understood that the list of schools in the FAFSA drop down box online also may not be all inclusive.

The school makes every reasonable effort to verify the validity of questionable high school diplomas.

Satisfactory Academic Progress (SAP)

The Satisfactory Academic Progress Policy applies to all students whether receiving Federal Title IV funds, partial funding assistance, or Self-Pay. Satisfactory Academic Progress in attendance and academic work is a requirement. Students must maintain Satisfactory Academic Progress to continue eligibility for funding. To determine Satisfactory Academic Progress, all students are evaluated in academics and attendance at the end of each evaluation period. Students are advised of their academic and attendance status via a monthly progress report. When a student is due for evaluation each student will receive a document with their progress asked to sign and will be put in their file.

Attendance Progress

Students are expected to attend classes as per their Enrollment Agreement. Students are responsible to clock in and out appropriately to document their hours; the only documentation
accepted for student hours is the time clock system. Students who are going to be absent are expected to call the school prior to the beginning of their scheduled shift. All absences are recorded and made a part of the school permanent record. Students who miss 6 consecutive school days (14 calendar days) without communicating with the School Director/designee may be terminated on the 7th consecutive school day. Students who persist in repeating patterns of absenteeism will be advised and will be subject to appropriate disciplinary action. Students who have excessive absences may be terminated; re-enrollment is at the discretion of the school. Maximum time frame for each course is no longer than 150% which is met by the NACCAS approved length of the educational course or program based on 100% attendance schedule measured in academic years.

Authorized Leaves of Absences (LOA) will not be considered in the maximum time frame evaluation; LOAs will extend the student’s contract period by the same number of days taken in the LOA.

**Academic Progress**

Students are assigned theory study and practical assignments. Theory is evaluated by written exams given after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. Practical skills are evaluated according to text procedures and performance standards established by the state licensing agency. Students must maintain a grade average of 80% and pass a FINAL written, State Law written and 2 practical exams prior to graduation. Numerical grades are considered according to the following scale:

<table>

Warning
Students who are not meeting Satisfactory Academic Progress will be put on a warning until the next evaluation period for Title IV funding. At that time they will be evaluated. If the student is meeting SAP they will no longer be on a warning and will receive a satisfactory evaluation. If a student is not meeting SAP they will move on to the Appeal Process.

Appeal Procedure
If a student is on warning upon the next evaluation period and is not meeting the student is determined as NOT making Satisfactory Academic Progress, the student may appeal the negative determination. The student must submit a written appeal to the school's administration within 5 days of the determination, with supporting documentation including reasons why the determination should be reversed and a request for reevaluation and what has changed in the student's situation that will allow the achievement of SAP at the next evaluation period. An appeal hearing will take place within five (5) business days of receipt of this written appeal. A decision on the appeal will be made within three (3) business days after submitting the appeal, and the outcome will be communicated in writing. This decision will be final and will be submitted in the student's file. Students who prevail upon appeal will have eligibility for Title IV funds reinstated. If a student does not prevail then they will receive a letter of suspension of Title IV funding.

Allowable reasons
Death of a relative, injury or illness of the student or other allowable mitigating circumstances. Each evaluation will be done upon case by case. Documentation must be submitted regarding why the student failed to make SAP.

Re-establish Title IV Funding
Shall a student come to another evaluation period and is now meeting SAP he/she shall be reinstated their Title IV funding moving forward. Any previous hours must be paid out of pocket and may not be collected thru Title IV funding.

Termination from the Institute
The Institute has the right to terminate a student at their discretion. Reasons for terminating a student are, but not limited to, failure to meet Satisfactory Academic Standards; Cheating/Plagiarism; Harassment of another student or an Educator; Falsification of the time clock; Theft/Vandalism; Drug/Alcohol Use; unprofessional behavior.

Determination Date / Withdrawal Date (Official / Unofficial Withdrawal)
The actual last date of attendance would be the last day the student was physically in attendance. A withdrawal date on a student who had been previously attending could be up to, but not to exceed 14 days from that student’s actual last date of attendance. An active student officially withdraws when they notify the school’s administrative office of their intent to withdraw from school. An active student is considered unofficially withdrawn when they have been absent for 6 consecutive school days (14 calendar days) from their last date of physical attendance without notifying the school’s administrative office.
Withdrawal
Students who withdraw prior to course completion are required to complete all exit paperwork; Exit Counseling must be completed by all students using Title IV funding, and satisfy all debts owed to the Institute or make payment arrangements approved by the Institute Administration.

Only upon completion of the withdrawal requirements will a certified final transcript of hours be forwarded to the state board. There is a $20 fee for a certified final transcript of hours if a student requests it. If withdrawal requirements are not met, the official transcript will not be released. Withdrawal fees may be waived based on documented mitigating circumstances.

Reentry Students/Interruptions
Students who have been terminated or have withdrawn from school may re-enroll (if determined eligible) within 180 days and will not incur additional charges however these students will be responsible to pay any remaining balance from the previous enrollment period that cannot be covered with reinstated federal funds. Students who have been terminated or have withdrawn from school and re-enroll (if determined eligible), after more than 180 days will pay a $100 application fee and will be charged for contracted hours at the current tuition rate. Re-enrolling students may be required to purchase the current school Tool Kit and/or Lab Seat. Students applying for re-entry or transfer-in from other schools may be required, as a condition of enrollment, to bring delinquent prior student loans to a current status provided they have not exceeded 180 days from their last date of attendance. Re-enrollment is at the discretion of the school administration. Upon re entry the student may enter with the same progress status as when they left.

Access to Cumulative Records
Students and parents of students under the age of 18, in regular attendance at Aveda Institute New Mexico, have the right to inspect and review the student’s educational, financial, and attendance records to ensure they are accurate, factual, and do not violate the student’s privacy or other rights. Students and/or parents should schedule an appointment with an administrative staff member to review the student’s records.

Student Information Release Policy
The Aveda Institute New Mexico requires written authorization from a student or graduate in order to release academic, attendance, enrollment status, financial and/or any other information to agencies, prospective employers or any other party seeking information about the student. Written authorization is required from the student in order to release information regarding enrollment and progress of a dependent minor to the parent or guardian. NACCAS, the accrediting entity, the NM State Board of Barbers and Cosmetologists and other government agencies have access to the Student files.
Absences (Excused / Unexcused)

Guest appointments are scheduled with the intent that students will be present to perform services. In the circumstance that a student will not be present, the staff should be notified in a timely manner.

Students who know of an absence in advance must complete an Attendance Tracking Form to be approved and signed by an instructor or an administrator. The notice should be completed at least ten days prior to the anticipated absence.

There are no excused absences. Any and all absences will affect the students GPA.

Makeup Work

Students who are absent, must make up missed exams and assignments. The exams and/or assignments must be made up no later than one week after the student returns to school. Mitigating circumstances may be discussed with the Instructor or Administrative Staff for additional makeup time if the week presents a hardship to the student. Failure to make up missed assignments, exams, or projects, may place the student on Chakra until requirements are met.

Leave of Absence (LOA)

A Leave of Absence should be requested with advanced notice, in writing along with the Leave of Absence form and proper documentation. If advanced notice cannot be provided in writing due to unforeseen circumstances than prevent advanced notice.

Should a student not be able to request a LOA, in advance, due to unforeseen circumstances, the Institute will document the reason for its decision to approve, or decline, the LOA; the student will be able to submit the leave request at a later date. The beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident. There must be a reasonable expectation that the student will return from the LOA. As the institution is required to take attendance, the withdrawal date for the purpose of calculating a refund is always student’s last day of attendance. The institute uses the NACCAS calculator to determine the date extended.

A Leave of Absence will be approved only if it can be properly documented. If the LOA is approved, the LOA extends the contract period by the same number of days designated in the request for leave, additional charges will NOT be assessed to the Student. A Leave of Absence must not exceed a total of 180 days in any 12-month period. A Student granted an LOA that meets the required criteria is not considered to have withdrawn, and a refund calculation is not due at that time. Failure to return on the designated return day will result in termination from the program; an extension of a LOA must be requested in writing or via phone call to admissions.

Transfer Students

The Institute may recognize credit for all or part of the applicant’s previous training provided the NM Board of Barbers and Cosmetologists recognizes it. Transfer-in students must also meet all enrollment and registration requirements. If approved to attend the Institute, tuition will be
charged at the hourly rate for the course of study at the time of enrollment, a non refundable application fee of $100. The Institute will only evaluate Official Transcripts when considering transfer hours from another Institution; transfer hours accepted will be counted both as hours attempted and hours completed for the purpose of determining when the allowable maximum time-frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institute. Hours accepted will also be based upon an evaluation from the Lead Instructor for the course of study.

Institutional Refund Policy

(a) Should a student’s application be rejected by the school or if he/she, or the student’s legal guardian, cancels enrollment within three business days of executing the enrollment contract, all money collected by the school shall be refunded, less the $100.00 Application Fee, whether or not the student has begun the course of instruction.

(b) If a student, or legal guardian, cancels his/her enrollment after three (3) business days from the execution date of the contract, but before the student begins the course of instruction, he/she is entitled to a refund of all money paid to the school less the $100.00 Application Fee.

(c) On the first day the student is issued an iPad, a digital curriculum license and workbook. Should he/she drop within the first 3 days of class they are responsible for the cost of these items totaling $720.00.

Enrollment time is defined as the time elapsed between the actual starting date of the course and the date of the student’s notice of cancellation is received. In the case of documented mitigating circumstances reviewed and approved by administration, a reasonable and fair refund settlement will be made. The following would be considered mitigating circumstances: disabling illness, death in family, extreme financial hardship, extreme emotional challenges in family, family relocation because of job, pregnancy with medical challenges, and military deployment.

This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the Institute; i.e., extra kit supplies, books, products, unreturned school property, etc., will be calculated separately at the time of withdrawal. If a student withdraws prior to course completion, any refunds owed by the Institute will be paid, as applicable, first to any program or source which has provided financial assistance for the student and last to the student.

A student on an approved Leave of Absence (LOA) notifies the school that he/she will not be returning. The date of withdrawal determination shall be the earlier of the scheduled date of return from the LOA or the date the student notifies the institution that the student will not be returning. Date will be determined by the postmark on written notification, or the date said information is delivered to the school in person.

The Institute shall refund any monies due to the student or applicant within thirty (30) days of the last day of the student’s Leave of Absence if the student fails to return or within 30 days from the notice from the student on a leave of absence that he/she will not be returning.

The School shall acknowledge in writing any valid notice of cancellation within ten (10) days after the receipt of such notice. Any monies due to the applicant or student shall be refunded within forty-five (45) days of the official withdrawal date or the school discovers that the student has unofficially withdrawn. The official withdrawal date is determined by the postmark date on the written notification or the date said notice is delivered to a school director in person.

All miscellaneous costs which have not yet become due will be void. In the case of a Leave of Absence, the school shall return any monies due the student or applicant within thirty (30) days of the last day of the student’s Leave of Absence if the student fails to return.

1. **Unofficial Withdrawal** – for clock hour students are determined by the school through monitoring clock hour attendance at least every thirty (30) days. If a student fails to return to school or contact the school after 14 calendar days the school may drop the student as an unofficial withdrawal.

2. **Additional Hours** - If a student, after completing the required number of hours for the course, requests additional instruction, it may be provided at the discretion of the School Director. The student will be charged the current contracted hourly rate of tuition.

3. **Leave of Absence** - The school may grant an approved Leave of Absence according to the guidelines
established in the student handbook. A student who has not been granted an approved leave of absence by the school will be considered to have withdrawn. The school will use the student’s last date in attendance for purposes of the refund calculation.

4. Transfer Hours – Aveda Institute New Mexico is willing to consider transfer hours from another Institution, however, an Official Transcript from the Institution that the student is requesting transfer hours from must be provided. If an Official transcript cannot be provided then Aveda Institute New Mexico will not consider transfer hours from another Institution and the student must complete the entire program. The Official Transcript must be received at Aveda Institute New Mexico in a sealed envelope from the former Institution to ensure that the transcript has not been tampered with.

5. Scope of Agreement - Student and guarantor, if any, acknowledges having received a copy of this contract and the School handbook. This contract embodies the entire agreement between the parties, except as expressly stated herein, and student acknowledges that there have been no representations, warranties or guarantees made to him/her which are not expressly set forth herein.

Only authorized solicitation of products, merchandise or services will be considered.

Students are responsible for their own personal property and are required to provide locks for their lockers and to secure their property in these locked areas. In order to perform clinical services, student kits are to be complete at all times. If any kit items are missing or damaged, the student will be required to replace the item. Stealing, defacing, or damaging student or school equipment or property can result in termination and require monetary restitution.

The following also applies to all students:

- Attend all classes according to the assigned schedule including theory classes even if all required exams are completed. Students will never be asked to leave a scheduled theory class to perform clinical services.
- Complete all assigned theory, practical and clinic assignments in the designed time frames including assignments required to establish or reestablish satisfactory progress eligibility. It is the student’s responsibility to contact the instructor in reference to missed assignments.
- Follow the time clock procedures by clocking in/out to accurately reflect attendance hours. Students are not allowed to clock each other in and out. Proper time management is critical to the success of a salon/spa professional. Since the school is a clock hour Institution, clocking in and out is extremely important. Students are expected to clock in upon arrival, but no earlier than 8:45 a.m. From Monday through Friday, and 7:45 a.m. on Saturday. They are to clock out for lunch and in after lunch and are also required to clock out at the end of the school day. Tardiness will not be tolerated.
IT IS THE STUDENT’S RESPONSIBILITY TO CLOCK IN AND OUT. THE SCHOOL WILL NOT VERIFY HOURS WHEN THE STUDENT IS NOT PUNCHED IN.

- Should a student leave the building at any time, that student must be clocked out. If a student fails to clock out when he/she leaves the campus, that student will be given a warning.

- Sanitation, sterilization, client safety, and infection control procedures are ALWAYS in effect. The student is responsible for all individual assigned areas, equipment, etc. and will be evaluated by the instructor based on the sanitation criteria daily.

- According to NM Statutes, Rules and Regulations, a student may not perform clinical services until completion of 15% of the course of study. The students must also successfully pass a written and skill competency evaluation.

- Students will discuss only ethical and professional subject matter during school hours and refrain from bringing in any unacceptable printed matter.

- Personal visitors are not allowed. Guests will be asked to leave unless they are scheduled for a clinic service.

- Excessive time in the student lounge/lunchroom is not allowed. Students who are not clocked in may not linger in the facility and distract other students from training responsibilities.

- Student parking is restricted to designated student parking areas.

- Provide all the necessary classroom supplies; i.e., writing tools, paper, notebooks, etc., as the Institute does not supply any of these supplies.

- Student Services: In order for students to receive a service, they must be caught up on all exams and assignments. All students who are requesting any type of service must fill out a Service Request Form and approved by the student’s Instructor.

Aveda Institute New Mexico Policies and Standards are subject to change based on the Institute’s effectiveness and outcomes assessments. Student will be notified of any changes in a timely manner.

Student Grievance Policy

In keeping with the Institute's mission statement, every effort will be made to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in the New Student Orientation Packet in order that students understand the order of steps to follow in registering a complaint. Evidence of a final resolution of all complaints will be retained in the Institutes files in order to determine the frequency, nature, and patterns of complaints for the
Institute. The information will be used in evaluating institutional effectiveness and outcomes. The following procedure outlines the specific steps of the complaint process.

1) The student should register the complaint in writing on the Student Complaint form provided by the Institute within 30 days of the incident.

2) The Student Complaint form may be given to the Institute Director or may be mailed to the Aveda Institute New Mexico, 1816 Central Ave SW, Albuquerque, NM 87104, Attn: Institute Director

3) The complaint will be reviewed and a response will be given or mailed to the student within 15 days of receiving the complaint. The initial response may not provide for a final resolution of the problem, but will notify the student of the continued investigation and/or actions being taken regarding the complaint.

4) If the nature of the complaint cannot be resolved by the Institute’s Director, the student may forward the complaint to one of the agencies noted below.

5) If the review of the complaint deems further investigation, it may be necessary to interview staff and other students to reach a final decision and resolution to the complaint.

6) In the event of an extreme conflict, it may be necessary to conduct an informal hearing. If necessary, the administration will appoint a hearing committee consisting of:
   - The Institute Owner
   - Institute Director
   - Clinic Floor Instructor
   - Student Services Administrator
   - Institute Administrative Assistant

   The hearing will occur within 60 days upon receipt of the complaint. The hearing will be informal with the student presenting his/her case. Within 15 days of the hearing the ‘committee’ will provide a final resolution.

Fire and Fire Drills

- Evacuate the building immediately.
- Instruct all clients to evacuate immediately.
- Assist the clients who have a physical challenge evacuating.
- Re-enter the building only when the staff or fire department personnel have given clearance.

From time to time, fire drills will be conducted. Everyone must follow procedures in evacuating the facility. There is a fire escape route floor plan diagram posted in several facility areas, including exit areas. Please familiarize yourself with the escape routes.

Physical Demands and Career Considerations
It is important for the student to understand the physical requirements that careers in Cosmetology Arts and Sciences and related fields may demand. Some of the demands are:

- Long intervals of standing
- Continuous exposure to chemicals, water, and cleansing agents. Hand care products are recommended for all service professionals.
- Minor back stress may be caused by long intervals of standing, sitting, or leaning. Consult with a physician if you have experienced back pain or stress in the past.
- Exposure to chemicals and aromas may cause or reactivate allergies or sensitivities. Consult with a physician and give him/her a list of chemicals and products you will be exposed to.
